NOTICE

How to Follow State Agency Rulemaking Action in the *State Register*

State agencies must publish notice of their rulemaking action in the *State Register*. If an agency seeks outside opinion before promulgating new rules or rule amendments, it must publish a **NOTICE OF INTENT TO SOLICIT OUTSIDE OPINION** also.

The **PROPOSED RULES** section contains:

- Calendar of public hearings on proposed rules.
- Proposed new rules (including notice of hearing and/or notice of intent to adopt rules without a hearing).
- Proposed amendments to rules already in existence in the Minnesota Rules.
- Proposed emergency rules.
- Withdrawal of proposed rules (option; not required).

The **ADOPTED RULES** section contains:

- Notice of adoption of new rules and rule amendments adopted without change from the previously published proposed rules. (Unchanged adopted rules are not republished in full in the *State Register* unless an agency requests this.)
- Adopted amendments to new rules or rule amendments (adopted changes from the previously published proposed rules).
- Notice of adoption of emergency rules.
- Adopted amendments to emergency rules (changes made since the proposed version was published).
- Extensions of emergency rules beyond their original effective date.

The **OFFICIAL NOTICES** section includes (but is not limited to):

- Notice of intent to solicit outside opinion before promulgating rules.
- Additional hearings on proposed rules not listed in original proposed rules calendar.

ALL ADOPTED RULES and ADOPTED AMENDMENTS TO EXISTING RULES published in the *State Register* and filed with the Secretary of State before April 8, 1985 are published in the *Minnesota Rules 1985*. ADOPTED RULES and ADOPTED AMENDMENTS TO EXISTING RULES filed after April 8, 1985 will be included in a supplement scheduled for publication in Spring, 1986. Proposed and adopted EMERGENCY (formerly called TEMPORARY) RULES appear in the *State Register* but are generally not published in the *Minnesota Rules* due to the short-term nature of their legal effectiveness. Those that are long-term may be published.

The *State Register* publishes partial and cumulative listings of rule in the MINNESOTA RULES AMENDMENTS AND ADDITIONS list on the following schedule:

Issues 1-13, inclusive	Issue 39, cumulative for 1-39
Issues 14-25, inclusive	Issues 40-51, inclusive
Issue 26, cumulative for 1-26	Issue 52, cumulative for 1-52
Issues 27-38, inclusive	

The listings are arranged in the same order as the table of contents of the *Minnesota Rules 1985*.

PROPOSED RULES

Pursuant to Minn. Stat. of 1982, §§ 14.22, an agency may propose to adopt, amend, suspend or repeal rules without first holding a public hearing, as long as the agency determines that the rules will be noncontroversial in nature. 1. that they have 30 days in which to submit comment on the proposed rules;
2. that no public hearing will be held unless 25 or more persons make a written request for a hearing within the 30-day comment period;
3. of the manner in which persons shall request a hearing on the proposed rules; and
4. that the rule may be modified if the modifications are supported by the data and views submitted.

If, during the 30-day comment period, 25 or more persons submit to the agency a written request for a hearing of the proposed rules, the agency must proceed under the provisions of §§ 14.14-14.20, which state that if an agency decides to hold a public hearing, it must publish a notice of intent in the *State Register*.

Pursuant to Minn. Stat. §§ 14.29 and 14.30, agencies may propose emergency rules under certain circumstances. Proposed emergency rules are published in the *State Register* and, for at least 25 days thereafter, interested persons may submit data and views in writing to the proposing agency.

Rules as Proposed (all new material)

2742.0100 PURPOSE AND SCOPE.

Subpart 1. **Generally.** Parts 2742.0100 to 2742.0400 are intended to establish uniformity in the permissive use of overinsurance provisions and to avoid claim delays and misunderstandings that could otherwise result from the use of inconsistent or incompatible provisions among plans.

Subp. 2. **Description.** A coordination of benefits provision is one that is intended to avoid claims payment delays and duplication of benefits when a person is covered by two or more plans providing benefits or services for medical, dental, or other care or treatment. It avoids claims payment delays by establishing an order in which plans pay claims and providing authority for the orderly transfer of information needed to pay claims promptly. It avoids duplication of benefits by permitting a reduction of the benefits of a plan when, by the rules established by parts 2742.0100 to 2742.0400, it does not have to pay its benefits first.

Subp. 3. **Rules permissive.** Parts 2742.0100 to 2742.0400 permit, but do not require, plans to include coordination of benefits provisions.

PROPOSED RULES

Subp. 4. **Effect.** If a group contract includes a coordination of benefits provision, it must be consistent with parts 2742.0100 to 2742.0400. A plan that does not include such a provision may not take the benefits of another plan as defined in part 2742.0200 into account when it determines its benefits. There is one exception: a contract holder's coverage that is designed to supplement a part of a basic package of benefits may provide that the supplementary coverage shall be excess to any other parts of the plan provided by the contract holder.

2742.0200 DEFINITIONS.

Subpart 1. **Scope.** For the purposes of parts 2742.0100 to 2742.0400, the terms in this part have the meanings given them.

Subp. 2. **Plan.** "Plan" is a form of coverage with which coordination is allowed. The definition of plan in the group contract must state the types of coverage which will be considered in applying the coordination of benefits provision of that contract. The right to include a type of coverage is limited by the rest of this subpart.

The definition in part 2742.0300 is an example of what may be used. Any definition that satisfies this subpart may be used.

Parts 2742.0100 to 2742.0400 use the term "plan." However, a group contract may, instead, use "program" or some other term.

The term "plan" does not include:

- A. individual or family insurance contracts;
- B. subscriber contracts;
- C. coverage through health maintenance organizations; or
- D. coverage under other prepayment, group practice, and individual practice plans; except as otherwise provided in this part.

"Plan" includes: group insurance and group subscriber contracts; uninsured arrangements of group or group-type coverage; group or group-type coverage through health maintenance organizations and other prepayment, group practice, and individual practice plans; and group-type contracts.

Group-type contracts are contracts which are not available to the general public and can be obtained and maintained only because of membership in or connection with a particular organization or group. Group-type contracts answering this description may be included in the definition of plan, at the option of the insurer or the service provider and its contract-client, whether or not uninsured arrangements or individual contract forms are used and regardless of how the group-type coverage is designated (for example, "franchise" or "blanket"). The use of payroll deductions by the employee, subscriber, or member to pay for the coverage is not sufficient, of itself, to make an individual contract part of a group-type plan. This description of group-type contracts is not intended to include individually underwritten and issued, guaranteed renewable policies that may be purchased through payroll deduction at a premium savings to the insured.

"Plan" may include the medical benefits coverage in group, group-type, and individual automobile "no-fault" and traditional automobile "fault" type contracts.

"Plan" may include Medicare or other governmental benefits. That part of the definition of "plan" may be limited to the hospital, medical, and surgical benefits of the governmental program. However, "plan" shall not include a state plan under Medicaid, and shall not include a law or plan when, by law, its benefits are excess to those of any private insurance plan or other nongovernmental plan.

The term "plan" shall not be construed to include group or group-type hospital indemnity benefits of \$100 per day or less, but may be construed to include the amount by which group or group-type hospital indemnity benefits exceed \$100 per day.

"Plan" shall not include school accident-type coverages. These cover grammar, high school, and college students for accidents only, including athletic injuries, either on a 24-hour basis or on a "to and from school" basis.

Subp. 3. **Hospital indemnity benefits.** "Hospital indemnity benefits" are those not related to expenses incurred. The term does not include reimbursement-type benefits even if they are designed or administered to give the insured the right to elect indemnity-type benefits at the time of claim.

Subp. 4. **This plan.** In a coordination of benefits provision, this term refers to the part of the group contract providing the health care benefits to which the coordination of benefits provision applies and which may be reduced on account of the benefits of other plans. Any other part of the group contract providing health care benefits is separate from "this plan."

A group contract may apply one coordination of benefits provision to certain of its benefits (such as dental benefits), coordinating only with like benefits, and may apply other separate coordination of benefits provisions to coordinate other benefits.

Subp. 5. **Primary plan.** A primary plan is one whose benefits for a person's health care coverage must be determined without taking the existence of any other plan into consideration. A plan is a primary plan if either item A or B is true.

A. The plan either has no order of benefit determination rules, or it has rules which differ from those permitted by parts 2742.0100 to 2742.0400.

B. All plans which cover the person use the order of benefit determination rules required by parts 2742.0100 to 2742.0400 and under those rules the plan determines its benefits first.

There may be more than one primary plan (for example, two plans which have no order of benefit determination rules).

Subp. 6. **Secondary plan.** A secondary plan is one which is not a primary plan. If a person is covered by more than one secondary plan, the order of benefit determination rules of parts 2742.0100 to 2742.0400 decide the order in which their benefits are determined in relation to each other. The benefits of each secondary plan may take into consideration the benefits of the primary plan or plans and the benefits of any other plan which, under parts 2742.0100 to 2742.0400, has its benefits determined before those of that secondary plan.

Subp. 7. **Allowable expense.** "Allowable expense" is the necessary, reasonable, and customary item of expense for health care, when the item of expense is covered at least in part under any of the plans involved, except where a statute requires a different definition. However, items of expense under coverages such as dental care, vision care, prescription drugs, or hearing aid programs may be excluded from the definition of allowable expense. A plan which provides benefits only for any items of expense may limit its definition of allowable expenses to like items of expense.

When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered as both an allowable expense and a benefit paid.

The difference between the cost of a private hospital room and the cost of a semi-private hospital room is not considered an allowable expense unless the patient's stay in a private hospital room is medically necessary in terms of generally accepted medical practice.

When coordination of benefits is restricted in its use to a specific coverage in a contract (for example, major medical or dental), the definition of allowable expense must include the corresponding expenses or services to which coordination of benefits applies.

Subp. 8. **Claim.** "Claim" means a request that benefits of a plan be provided or paid. The benefits claimed may be in the form of services, (including supplies); payment for all or a portion of the expenses incurred; a combination of services and payment for expenses incurred; or an indemnification.

Subp. 9. **Claim determination period.** "Claim determination period" means a period of time, which must not be less than 12 consecutive months, over which allowable expenses are compared with total benefits payable in the absence of coordination of benefits, to determine whether overinsurance exists; and how much each plan will pay or provide.

A claim determination period usually is a calendar year, but a plan may use some other period of time that fits the coverage of the group contract. A person may be covered by a plan during a portion of a claim determination period if that person's coverage starts or ends during that claim determination period.

As each claim is submitted, each plan is to determine its liability and pay or provide benefits based upon allowable expenses incurred to that point in the claim determination period. A determination is subject to adjustment as later allowable expenses are incurred in the same claim determination period.

2742.0300 MODEL COORDINATION OF BENEFITS CONTRACT PROVISION.

Subpart 1. **General.** Subpart 4 contains a model coordination of benefits provision for use in group contracts. That use is subject to parts 2742.0200, subpart 2, items B and C and 2742.0400.

Subp. 2. **Flexibility.** A group contract's coordination of benefits provision does not have to use the words and format shown in parts 2742.0100 to 2742.0400. Changes may be made to fit the language and style of the rest of the group contract or to reflect the differences among plans which provide services, which pay benefits for expenses incurred, and which indemnify.

Substantive changes are allowed only as set forth in parts 2742.0100 to 2742.0400.

Subp. 3. **Prohibited coordination and benefit design.** A group contract may not reduce benefits on the basis that another plan exists; except with respect to Part B of Medicare, that a person is or could have been covered under another plan; or a person has elected an option under another plan providing a lower level of benefits than another option which could have been elected.

PROPOSED RULES

No contract may contain a provision that its benefits are "excess" or "always secondary" to any plan defined in part 2742.0200, subpart 2, except in accord with the rules permitted by parts 2742.0100 to 2742.0400.

Subp. 4. Text of model coordination of benefits provision.

COORDINATION OF THE GROUP CONTRACT'S BENEFITS WITH OTHER BENEFITS

(I) APPLICABILITY.

(A) This coordination of benefits provision applies to this plan when an employee or the employee's covered dependent has health care coverage under more than one plan. "Plan" and "this plan" are defined below.

(B) If this coordination of benefits provision applies, the order of benefit determination rules should be looked at first. Those rules determine whether the benefits of this plan are determined before or after those of another plan. The benefits of this plan:

(i) shall not be reduced when, under the order of benefit determination rules, this plan determines its benefits before another plan; but

(ii) may be reduced when, under the order of benefit determination rules, another plan determines its benefits first. The above reduction is described in section (IV) Effect on the Benefits of This Plan.

(II) DEFINITIONS.

(A) A "plan" is any of these which provides benefits or services for, or because of, medical or dental care or treatment:

(i) Group insurance or group-type coverage, whether insured or uninsured. This includes prepayment, group practice, or individual practice coverage. It also includes coverage other than school accident-type coverage.

(ii) Coverage under a governmental plan or required or provided by law. This does not include a state plan under Medicaid (Title XIX, Grants to States for Medical Assistance Programs, of the United States Social Security Act as amended from time to time). It also does not include any plan when, by law, its benefits are excess to those of any private insurance program or other nongovernmental program.

Each contract or other arrangement for coverage under (i) or (ii) is a separate plan. Also, if an arrangement has two parts and coordination of benefits rules apply only to one of the two, each of the parts is a separate plan.

(B) "This plan" is the part of the group contract that provides benefits for health care expenses.

(C) "Primary plan/secondary plan." The order of benefit determination rules state whether this plan is a primary plan or secondary plan as to another plan covering the person.

When this plan is a primary plan, its benefits are determined before those of the other plan and without considering the other plan's benefits.

When this plan is a secondary plan, its benefits are determined after those of the other plan and may be reduced because of the other plan's benefits.

When there are more than two plans covering the person, this plan may be a primary plan as to one or more other plans, and may be a secondary plan as to a different plan or plans.

(D) "Allowable expense" means a necessary, reasonable, and customary item of expense for health care, when the item of expense is covered at least in part by one or more plans covering the person for whom the claim is made.

The difference between the cost of a private hospital room and the cost of a semi-private hospital room is not considered an allowable expense under the above definition unless the patient's stay in a private hospital room is medically necessary either in terms of generally accepted medical practice, or as specifically defined in the plan.

When a plan provides benefits in the form of services, the reasonable cash value of each service rendered will be considered both an allowable expense and a benefit paid.

(E) "Claim determination period" means a calendar year. However, it does not include any part of a year during which a person has no coverage under this plan, or any part of a year before the date this coordination of benefits provision or a similar provision takes effect.

(III) ORDER OF BENEFIT DETERMINATION RULES.

(A) General. When there is a basis for a claim under this plan and another plan, this plan is a secondary plan which has its benefits determined after those of the other plan, unless:

(i) the other plan has rules coordinating its benefits with those of this plan; and

(ii) both those rules and this plan's rules, in subparagraph (B) below, require that this plan's benefits be determined before those of the other plan.

(B) Rules. This plan determines its order of benefits using the first of the following rules which applies:

(i) Nondependent/dependent. The benefits of the plan which covers the person as an employee, member, or subscriber (that is, other than as a dependent) are determined before those of the plan which covers the person as a dependent.

(ii) Dependent child/parents not separated or divorced. Except as stated in subparagraph (B)(iii) below, when this plan and another plan cover the same child as a dependent of different persons, called "parents":

a. the benefits of the plan of the parent whose birthday falls earlier in a year are determined before those of the plan of the parent whose birthday falls later in that year; but

b. if both parents have the same birthday, the benefits of the plan which covered the parent longer are determined before those of the plan which covered the other parent for a shorter period of time.

However, if the other plan does not have the rule described in a. above, but instead has a rule based upon the gender of the parent, and if, as a result, the plans do not agree on the order of benefits, the rule in the other plan will determine the order of benefits.

(iii) Dependent child/separated or divorced parents. If two or more plans cover a person as a dependent child of divorced or separated parents, benefits for the child are determined in this order:

a. first, the plan of the parent with custody of the child;

b. then, the plan of the spouse of the parent with custody of the child; and

c. finally, the plan of the parent not having custody of the child.

However, if the specific terms of a court decree state that one of the parents is responsible for the health care expenses of the child, and the entity obligated to pay or provide the benefits of the plan of that parent has actual knowledge of those terms, the benefits of the plan apply with respect to any claim determination period or plan year during which any benefits are actually paid or provided before the entity has that actual knowledge.

(iv) Active/inactive employee. The benefits of a plan which covers a person as an employee who is neither laid off nor retired (or as that employee's dependent) are determined before those of a plan which covers that person as a laid off or retired employee (or as that employee's dependent). If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, (iv) is ignored.

(v) Longer/shorter length of coverage. If none of the above rules determines the order of benefits, the benefits of the plan which covered an employee, member, or subscriber longer are determined before those of the plan which covered that person for the shorter time.

(IV) EFFECT ON THE BENEFITS OF THIS PLAN.

(A) When this section applies. This section applies when, in accordance with section (III) Order of Benefit Determination Rules, this plan is a secondary plan as to one or more other plans. In that event the benefits of this plan may be reduced under this section. Such other plan or plans are referred to as "the other plans" in (B) below.

(B) Reduction in this plan's benefits. The benefits of this plan will be reduced when the sum of:

(i) the benefits that would be payable for the allowable expenses under this plan in the absence of this coordination of benefits provision; and

(ii) the benefits that would be payable for the allowable expenses under the other plans, in the absence of provisions with a purpose like that of this coordination of benefits provision, whether or not claim is made; exceeds those allowable expenses in a claim determination period. In that case, the benefits of this plan will be reduced so that they and the benefits payable under the other plans do not total more than those allowable expenses.

When the benefits of this plan are reduced as described above, each benefit is reduced in proportion. It is then charged against any applicable benefit limit of this plan.

(V) RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION.

Certain facts are needed to apply these coordination of benefits rules. [The XYZ Company] has the right to decide which facts it needs. It may get needed facts from or give them to any other organization or person. [The XYZ Company] need not tell, or get the

PROPOSED RULES

consent of, any person to do this. Each person claiming benefits under this plan must give [The XYZ Company] any facts it needs to pay the claim.

(VI) FACILITY OF PAYMENT.

A payment made under another plan may include an amount which should have been paid under this plan. If it does, [The XYZ Company] may pay that amount to the organization which made that payment. That amount will then be treated as though it were a benefit paid under this plan. [The XYZ Company] will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means reasonable cash value of the benefits provided in the form of services.

(VII) RIGHT OF RECOVERY.

If the amount of the payments made by [The XYZ Company] is more than it should have paid under this coordination of benefits provision, it may recover the excess from one or more of:

- (A) the persons it has paid or for whom it has paid;
- (B) insurance companies; or
- (C) other organizations.

The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

2742.0400 RULES FOR COORDINATION OF BENEFITS.

Subpart 1. **General.** The primary plan must pay or provide its benefits as if the secondary plan or plans did not exist.

A secondary plan may take the benefits of another plan into account only when, under this part, it is secondary to that other plan.

Subp. 2. **Dependent child/parents not separated or divorced.** The word "birthday" in the wording shown in subsection (4)(d)(III)(B)(ii) of part 2742.0300, subpart 4 refers only to month and day in a calendar year, not the year in which the person was born.

A group contract which includes coordination of benefits and which is issued or renewed, or which has an anniversary date on or after the later of [January 1, 1986] or [60] days after the effective date of parts 2742.0100 to 2742.0400 shall include the substance of the provision in subsection (4)(d)(III)(B)(ii) of part 2742.0300, subpart 4. That provision shall become effective on the later of January 1, 1987, or one year and 60 days after the effective date of parts 2742.0100 to 2742.0400. Until that provision becomes effective, the group contract shall, instead, use wording like this:

(ii) ... Except as stated in (iii), the benefits of a plan which covers a person as a dependent of a male are determined before those of a plan which covers the person as a dependent of a female."

Subp. 3. **Longer/shorter length of coverage.** To determine the length of time a person has been covered under a plan, two plans shall be treated as one if the claimant was eligible under the second within 24 hours after the first ended. Thus, the start of a new plan does not include a change in the amount or scope of a plan's benefits; a change in the entity which pays, provides, or administers the plan's benefits; or a change from one type of plan to another (such as, from a single employer plan to that of a multiple employer plan).

The claimant's length of time covered under a plan is measured from the claimant's first date of coverage under that plan. If that date is not readily available, the date the claimant first became a member of the group shall be used as the date from which to determine the length of time the claimant's coverage under the present plan has been in force.

Subp. 4. **Reduction in plan's benefits when it is secondary.** A secondary plan may reduce its benefits by using the alternatives in items A to C, or any version thereof which is more favorable to a covered person. This is subject to the conditions and limits described in this subpart.

A. Alternative 1, total allowable expenses. When this alternative is used, a secondary plan may reduce its benefits so that the total benefits paid or provided by all plans during a claim determination period are not more than total allowable expenses. The amount by which the secondary plan's benefits have been reduced shall be used by the secondary plan to pay allowable expenses, not otherwise paid, which were incurred during the claim determination period by the person for whom the claim is made. As each claim is submitted, the secondary plan determines its obligation to pay for allowable expenses based on all claims which were submitted up to that point in time during the claim determination period.

When this alternative is used, the suggested contract provision is as shown in part 2742.0300, subpart 4, (IV)(B).

The last paragraph quoted in part 2742.0300, subpart 4, (IV)(B) may be omitted if the plan provides only one benefit, or may be altered to suit the coverage provided.

B. Alternative 2, total allowable expenses with coinsurance. When this alternative is used, a secondary plan may reduce its benefits so that the total benefits paid or provided by all plans during a claim determination period are not more than a stated

percentage, but not less than 80 percent, of total allowable expenses. The amount by which the secondary plan's benefits have been reduced shall be used by the secondary plan to pay the stated percentage of allowable expenses, not otherwise paid, which were incurred during the claim determination period by the person for whom the claim is made. As each claim is submitted, the secondary plan determines its obligation to pay for the stated percentage of allowable expenses based on all claims which were submitted up to that point in time during the claim determination period.

When this alternative is used, the suggested contract provision for use in part 2742.0300, subpart 4, (IV)(B) is as follows:

The benefits of this plan will be reduced when the sum of: (a) the benefits that would be payable for the allowable expenses under this plan in the absence of this coordination of benefits provision; and (b) the benefits that would be payable for the allowable expenses under the other plans in the absence of provisions with a purpose like that of this coordination of benefits provision, whether or not claim is made; exceeds the greater of (i) 80 percent of those allowable expenses or (ii) the amount of the benefits in (a). In that case, the benefits of this plan will be reduced so that they and the benefits in (b) do not total more than the greater of (i) and (ii).

When the benefits of this plan are reduced as described above, each benefit is reduced in proportion. It is then charged against any applicable benefit limit of this plan.

The paragraph immediately above may be omitted if the plan provides only one benefit, or may be altered to suit the coverage provided.

C. Alternative 3, maintenance of benefits. When this alternative is used, a secondary plan may reduce its benefits by the amount of the benefits payable under the other plans for the same expenses.

When this alternative is used, the suggested contract provision for use in part 2742.0300, subpart 4, (IV)(B) is shown below.

The benefits that would be payable under this plan in the absence of this coordination of benefits provision will be reduced by the benefits payable under the other plans for the expenses covered in whole or in part under this plan. This applies whether or not claim is made under a plan.

When a plan provides benefits in the form of services, the reasonable cash value of each service rendered will be considered both an expense incurred and a benefit payable.

When the benefits of this plan are reduced as described above, each benefit is reduced in proportion. It is then charged against any applicable benefit limit of this plan.

The paragraph immediately above may be omitted if the plan provides only one benefit, or may be altered to suit the coverage provided.

This alternative may be used in a plan only when, in the absence of coordination of benefits, the benefits of the plan (excluding benefits for dental care, vision care, prescription drugs, or hearing aid programs) will, after any deductible, be not less than 50 percent of covered expenses for the treatment of mental or nervous disorders or alcoholism or drug abuse, or under cost containment provisions with alternative benefits, such as those applicable to second surgical opinions, precertification of hospital stays, etc.; and not less than 75 percent of other covered expenses.

A plan using this alternative may exclude definitions of and references to allowable expenses, claim determination period, or both.

Subp. 5. **Conditions for use of alternatives 2 and 3.** Alternatives 2 and 3 in subpart 4 permit a secondary plan to reduce its benefits so that total benefits may be less than 100 percent of allowable expenses.

A plan using alternatives 2 and 3 in subpart 4 must comply with the following conditions:

A. The plan must provide prior notice to employees or members that when it is secondary (that is, it determines benefits after another plan) its benefits plus those of the primary plan will be less than 100 percent of allowable expenses; unless the primary plan, by itself, provides benefits at 100 percent of allowable expenses.

B. When the plan is secondary, it must provide a limit on the amount the employee, member, or subscriber is required to pay toward the expenses or services covered under the plan and for which the plan is secondary. The limit shall not exceed \$2,000 for any covered person, or \$3,000 for any family in any claim determination period.

C. The plan must permit a person to be enrolled for its health care coverage when that person's eligibility for health care coverage under another plan ends for any reason the person is eligible for coverage under the plan, and the enrollment is made before

PROPOSED RULES

the end of the 31-day period immediately following either the date when health care coverage under the other plan ends; or the end of any continuation period elected by or for that person.

This unrestricted enrollment is not required if a person remains eligible for coverage under that other plan, or a plan which replaces it, without interruption of that person's coverage.

D. If the person is enrolled before the end of the 31-day period, there shall be no interruption of coverage. Thus, the requirements concerning active work of employees, members, or subscribers, or nonconfinement of dependents on the effective date of coverage, shall not be applied. However, coverage for the person under the plan may be subject to the same requirements including underwriting requirements, benefit restrictions, waiting periods, and pre-existing condition limitations that would have applied had the person been enrolled under the plan on the later of (a) the date the person first became eligible for the plan's coverage; or (b) the date the employee, member, or subscriber last became covered under the plan.

Credit shall be given under any pre-existing condition limitation or waiting period from the later of the dates described in subunits (a) or (b) to the date the person actually enrolled pursuant to the unrestricted enrollment provisions above.

E. A secondary plan which provides benefits in the form of services may recover the reasonable cash value of providing the services from the primary plan, to the extent that benefits for the services are covered by the primary plan and have not already been paid or provided by the primary plan. Nothing in this provision shall be interpreted to require a plan to reimburse a covered person in cash for the value of services provided by a plan which provides benefits in the form of services.

Subp. 6. **Excess and other nonconforming provisions.** Some plans have order of benefit determination rules not consistent with parts 2742.0100 to 2742.0400 which declare that the plan's coverage is "excess" to all others, or "always secondary." This occurs because certain plans may not be subject to insurance regulation; or some group contracts have not yet been conformed with parts 2742.0100 to 2742.0400 pursuant to the effective date provisions of these rules.

A plan with order of benefit determination rules which comply with parts 2742.0100 to 2742.0400 (herein called a complying plan) may coordinate its benefits with a plan which is "excess" or "always secondary" or which uses order of benefit determination rules which are inconsistent with those contained in parts 2742.0100 to 2742.0400 (herein called a noncomplying plan) on the following basis:

A. If the complying plan is the primary plan, it shall pay or provide its benefits on a primary basis.

B. If the complying plan is the secondary plan, it shall, nevertheless, pay or provide its benefits first, but the amount of the benefits payable shall be determined as if the complying plan were the secondary plan. In such a situation, payment shall be the limit of the complying plan's liability.

C. If the noncomplying plan does not provide the information needed by the complying plan to determine its benefits within a reasonable time after it is requested to do so, the complying plan shall assume that the benefits of the noncomplying plan are identical to its own, and shall pay its benefits accordingly. However, the complying plan must adjust any payments it makes based on such assumption whenever information becomes available as to the actual benefits of the noncomplying plan.

D. If the noncomplying plan reduces its benefits so that the employee, subscriber, or member receives less in benefits than he or she would have received had the complying plan paid or provided its benefits as the secondary plan and the noncomplying plan paid or provided its benefits as the primary plan; and governing state law allows the right of subrogation in subpart 8; then the complying plan shall advance to or on behalf of the employee, subscriber, or member an amount equal to the difference. However, in no event shall the complying plan advance more than the complying plan would have paid had it been the primary plan less any amount it previously paid. In consideration of such advance, the complying plan shall be subrogated to all rights of the employee, subscriber, or member against the noncomplying plan. An advance by the complying plan shall also be without prejudice to any claim it may have against the noncomplying plan in the absence of subrogation.

Subp. 7. **Allowable expense.** A term such as "usual and customary," "usual and prevailing," or "reasonable and customary" may be substituted for the term "necessary, reasonable, and customary." Terms such as "medical care" or "dental care" may be substituted for "health care" to describe the coverages to which the coordination of benefits provisions apply.

Subp. 8. **Subrogation.** The coordination of benefits concept clearly differs from that of subrogation. Provisions for one may be included in health care benefits contracts without compelling the inclusion or exclusion of the other.

EFFECTIVE DATE. Parts 2742.0100 to 2742.0400 are effective 60 days after the publication of their notice of adoption in the *State Register*.

Parts 2742.0100 to 2742.0400 apply to every group contract which provides health care benefits and is issued on or after that date.

A group contract which provides health care benefits and was issued before that date shall be brought into compliance with parts 2742.0100 to 2742.0400 by the later of the next anniversary date or renewal date of the group contract; or the expiration of any applicable collectively bargained contract pursuant to which it was written.

The debarment is proposed because you were convicted of bidrigging under Minn. Stat. Chapter 325D. in District Court at Mankato, Blue Earth County, Minnesota, on September 3, 1985. Bidrigging is a contract crime as defined in Minnesota Rule 1230.3100, Subpart 5.

Rule 1230.3200, Ground for Debarment states:

Subpart 1. Contract crime. A business must be debarred upon conviction in any jurisdiction, of the business or a principal of the business, for commission of a contract crime or when a conviction is imputed to the business under part 1230.3300.

You may request a hearing under Minnesota Statutes, Chapter 14, by submitting a written request for a hearing to Leo A. Korth, Minnesota Department of Transportation, Transportation Building, Room 612D, John Ireland Boulevard, St. Paul, Minnesota 55155 by January 21, 1986. If you request a hearing, an Administrative Law Judge will be appointed by the Chief Administrative Law Judge of the Office of Administrative Hearings to recommend to the Commissioner of Transportation whether there are grounds for debarment and the period of the debarment.

STATE CONTRACTS

If you do not request a hearing within 20 days from the date of this notice the allegations in this notice will be considered true and you will be debarred for a period of 30 days, effective December 30, 1985, through and including January 28, 1986.

Subp. 9. Mn/DOT contract. "Mn/DOT contract" means a written instrument:

SUPREME COURT DECISIONS

Decisions Filed Friday, January 3, 1986

Compiled by Wayne O. Tschimperle, Clerk

C7-85-1343 Bruce A. Hauglid, Relator v. Sandberg Erection Company and Aetna Life and Casualty Company. Workers' Compensation Court of Appeals.

The WCCA's insurer's construction of Minn. Stat. § 176.645 (1978) is affirmed because, although not likely to protect employee's receiving disability benefits from the effects of inflation over an extended period of time and probably inimical to the purposes and policy of Minn. Stat. § 176.102, it cannot be said to be unquestionably contrary to legislative intent.

Affirmed. Kelley, J.

Took no part, Peterson, J.

C6-84-1243 Edward W. Bergquist, as Trustee for the Heirs of Erik Henry Boteus, Decedent v. Medtronic, Inc., et al., Petitioners, Appellants. Court of Appeals.

In deciding motions to dismiss on grounds of forum non conveniens the presumption given the plaintiff's choice of forum shall have less effect when the plaintiff is foreign. Minnesota adopts the rule of *Piper Aircraft Co. v. Reyno*, 454 U.S. 235 (1981).

The trial court did not abuse its discretion in dismissing the cause of action on grounds of forum non conveniens.

ERRATA

While the cause of action is dismissed, it may be brought again in the Minnesota courts if the case cannot be litigated in Sweden.

C9-84-1060 In Re the Marriage of: Mabel M. Rohling, Petitioner, Appellant v. Carl B. Rohling. Court of Appeals.

It was not an abuse of discretion for the trial court to include, as part of the marital property distribution, retirement funds received by the husband after the filing of a marriage dissolution petition but before the final dissolution.

It was not an abuse of discretion for the trial court, in placing an equitable lien on the homestead in favor of the husband, to hold that it need not be paid for 15 years.

It was not an abuse of discretion for the trial court to deny maintenance under Minn. Stat. § 518.552 in these circumstances, where the wife received sufficient property to provide for her reasonable needs.

Reversed. Scott, J.

Took no part, Peterson, J.

C5-84-1105 State of Minnesota, Appellant v. Stanley Paul Olson. Court of Appeals.

Defendant was convicted of violating Minn. Stat. § 609.53, subd. 1(1), receiving stolen property valued at \$1,000 or more. The trial court did not err in determining for sentencing purposes that the property was worth more than \$2,500 where the defendant did not request submission to the jury of a special interrogatory and the evidence that the stolen property had a value far in excess of \$2,500 was uncontroverted.

Reversed in part; original sentence reinstated. Coyne, J.

Concurring Specially, Scott, J., Yetka, J., and Amdahl, C.J.

A sentence was misplaced in the publication of the above-referenced rules in Volume 10, Number 27 of the *State Register*, dated December 30, 1985 [10 SR 1473].

"The proposed rules were published in the *State Register* [10 S.R. 724] September 30, 1985, and a free copy of them may be obtained from the Department by writing or telephoning Norman Hanson at the address or telephone number listed above in Part II of this notice."
